

# ORTHOTIC TIMELINE

## **In House Fabrication**

Orthotic items produced in our local fabrication facility will have a two week turn around time.

## **Order out Fabrication**

Orthotic Items sent out to be fabricated by another company have a three week turn around time. The exception is with our dress foot orthotics, they tend to have 3-4 week turnaround

## **In Hospital patients**

Orthotic Items made In house for patients in a hospital have a 24 hour turn around time. If the order comes in in the AM we can usually fit most hospital jobs the same day or early the next day.
